

Scope and objectives

The 8th Conference on Sustainable Development of Energy, Water and Environment Systems – SDEWES Conference, to be held in Dubrovnik in 2013, is dedicated to the improvement and dissemination of knowledge on methods, policies and technologies for increasing the sustainability of development by de-coupling growth from natural resources and replacing them with knowledge based economy, taking into account its economic, environmental and social pillars, as well as methods for assessing and measuring sustainability of development, regarding energy, transport, water, environment and food production systems and their many combinations. Sustainability being also a perfect field for interdisciplinary and multi-cultural evaluation of complex system, the SDEWES Conference has at the beginning of the 21st century become a significant venue for researchers in those areas to meet, and originate, discuss, share, and disseminate new ideas.

The Conference will focus on the following objectives and will be organised in the following sessions

Sustainability comparisons and measurements methodologies, **Sustainable development as a driver for innovation and employment**, Green economy and better governance, **Decoupling growth from resources**, Decarbonisation, **Energy, transport and water policy, and the energy-water interaction**, Environmental policy, **Agricultural policy**, Environment and corporate social responsibility, **Employment and energy, transport, water and environment systems**, Technology transfer and development, **Social acceptance**, Sustainable resilience of systems, **Sustainable tourism**, Urbanism, **Regional planning and cooperation**, Sustainable islands, **Research, innovation and development**, Education in sustainable development, **Cooperation in development**, Energy system analysis, **Water system analysis**, Transport system analysis, **Life cycle assessment**, Environmental impact assessment, **Eco-design and eco-labelling**, Product cycle assessment, **Energy planning**, Transport management, **Renewable energy resources**, Primary energy resources, **Water resources**, Food and agriculture, **Renewable electricity generation systems**, Thermal power plants, **District heating and/or cooling infrastructures in future energy systems**, Nano and micro technologies and science for sustainable development of energy, water, and environment systems, **Carbon capture and storage/sequestration**, Nuclear energy, **Advanced sustainable energy conversion systems**, Pyrolysis and torrefaction, **Renewable heat systems**, Biofuels and biorefineries, **Hydrogen production and use technologies**, Hybrid and electric vehicles, **Synthetic fuels**, Water treatment, **Water Desalination**, Wastewater treatment, **Waste treatment**, Waste to energy, **Recycling waste**, Pollution modelling, **Heat and mass transfer modelling**, Cogeneration, trigeneration and polygeneration, **Storage**, Electricity transmission, **Smart energy networks**, Energy efficiency in industry and mining, **Energy efficiency in agriculture and aquaculture**, Energy efficient appliances, **Buildings**, Energy markets, **Emission markets**, Political aspects of sustainable development.

In addition, acknowledging that regional coordination is the only feasible solution for gaining synergy effects for the small and only partially connected emerging energy markets of the South East European Region, the Conference will address the core goals of the Energy Community: Competitive integrated regional energy market, **Security of supply**, Climate change and environment, **Infrastructure development**, Social dimension, **External relations in light of sustainable development**.

Organizers

University of Zagreb, Zagreb, Croatia
Instituto Superior Técnico, Lisbon, Portugal

In cooperation with

Industrial University of Santander, Santander, Colombia
University of Dubrovnik, Dubrovnik, Croatia
Aalborg University, Aalborg, Denmark
Institut National Polytechnique de Grenoble, Grenoble, France
National Technical University of Athens, Athens, Greece
Cologne University of Applied Sciences, Cologne, Germany
University of Pannonia, Veszprém, Hungary
Macedonian Academy of Sciences and Arts, Research Center ICEIM,
Skopje, Macedonia
Delft University of Technology, Delft, The Netherlands
Vinča Institute of Nuclear Sciences, Belgrade, Serbia
Jožef Stefan International Postgraduate School, Ljubljana, Slovenia

Partners

UNESCO, Paris
International Centre for Sustainable Development of Energy,
Water and Environment Systems, Zagreb
The Club of Rome, Zagreb/Ljubljana/Vienna
The World Academy of Art and Science
Mediterranean Network for Engineering Schools and Technical Universities, Marseille
The Combustion Institute - Croatian section, Zagreb

Partner journals

(previous special issues)

Applied Energy
Desalination and Water Treatment Journal
Energy - The International Journal
International Journal of Hydrogen Energy
International Journal of Sustainable Water and Environmental Systems
Journal of Environmental Science and Health, Part A
Management of Environmental Quality: An International Journal
Strojarstvo: Journal for Theory and Application in Mechanical Engineering
Thermal Science
Utilities Policy
Waste Management and Research
Water Resources Management

8th

CONFERENCE ON
SUSTAINABLE DEVELOPMENT OF
ENERGY, WATER AND
ENVIRONMENT SYSTEMS

September 22 - 27, 2013
Dubrovnik, Croatia

1st CALL FOR PAPERS

www.dubrovnik2013.sdewes.org

Call for papers

The papers must report original, previously unpublished findings in the fields of sustainable development of energy, transport, water, food and environment systems and policy. All papers will be reviewed under the direction of the International Scientific Committee by the Scientific Advisory Board. The abstracts and papers must be written in English and will be published in the Conference online digital Proceedings. The papers with archival value (**archival papers**), meaning those that report significantly to the state of the art and report final results of research, with proper literature review, will be thoroughly reviewed and will be considered for publication in special issues of several archival journals. The papers that report work in progress, papers without thorough literature review, are invited as conference papers, and will receive less stringent review. Authors are invited to offer suggestion on classification of their papers as "archival" or "conference", when submitting them. Authors (**corresponding author**) willing to present a paper should submit an abstract in English via web interface: www.dubrovnik2013.sdewes.org/registration

Each paper to be published in online digital Proceedings and in special issues of journals will have to be presented at the Conference by one of the authors (**presenting author**). The papers will not be allowed to be presented by non-authors. Each participating author will be obliged to present one paper orally at the Conference. Any further papers will be presented in the poster sessions.

Conference dates

Abstract deadline (archival)	February 15, 2013
Abstract deadline (conference)	May 15, 2013
Archival full paper	May 15, 2013
Fees due - membership waiver, archival papers, reduced fee	May 15, 2013
Visa requests and fee settlement	May 30, 2013
Full members fee for conference papers	July 15, 2013
Conference full paper	September 10, 2013
Corporate fee deadline	September 15, 2013
Draft online digital Proceedings	September 20, 2013
The Conference	September 22-27, 2013
Final online digital Proceedings	October 30, 2013
Submission of papers to special issues	depending on the journal

Conference venue

Dubrovnik is situated in the southernmost part of the Republic of Croatia. Founded in the 7th century, Dubrovnik is rich in cultural and historical Monuments and is included in the UNESCO world Heritage list. Dubrovnik International Airport is situated 22 km from the city centre.

International Scientific Committee

Prof. Maria da Graça Carvalho, Instituto Superior Técnico, Lisbon, Portugal, Co-chair
Prof. Neven Duić, University of Zagreb, Zagreb, Croatia, Co-chair
Prof. Vatcheslav Kafarov, Industrial University of Santander, Santander, Colombia, Co-Chair for the Americas
Prof. Jiří Jaromír Klemeš, University of Pannonia, Veszprém, Hungary, Co-Chair for the Central and Eastern Europe
Prof. Ingo Stadler, Cologne University of Applied Sciences, Cologne, Germany, Co-Chair for the Western Europe
Prof. Naim H. Afgan, Instituto Superior Técnico, Lisbon, Portugal
Prof. Zvonimir Guzović, University of Zagreb, Zagreb, Croatia
Prof. Mireille Jacomino, Grenoble Institute of Technology, Grenoble, France
Dr. Andreas Kallioras, National Technical University of Athens, Athens, Greece
Prof. Tarik Kupusović, University of Sarajevo, Sarajevo, Bosnia and Herzegovina
Prof. Vladimir Lipovac, University of Dubrovnik, Dubrovnik, Croatia
Prof. Henrik Lund, Aalborg University, Aalborg, Denmark
Prof. Nataša Markovska, Macedonian Academy of Sciences and Arts, Skopje, Macedonia
Prof. Brian Vad Mathiesen, Aalborg University, Aalborg, Denmark
Dr. Simeon Oka, Vinča Institute of Nuclear Sciences, Belgrade, Serbia
Prof. Jordan Pop-Jordanov, Macedonian Academy of Sciences and Arts, Skopje, Macedonia
Prof. Nikola Ružinski, University of Zagreb, Zagreb, Croatia
Prof. Daniel Ralph Schneider, University of Zagreb, Zagreb, Croatia
Prof. Ivo Šlaus, Ruđer Bošković Institute, Zagreb, Croatia
Dr. Petar Varbanov, University of Pannonia, Veszprém, Hungary
Prof. Aleksander Zidanšek, Institute Jožef Stefan, Ljubljana, Slovenia

Local Organising Committee

Prof. Neven Duić, FSB, University of Zagreb
Prof. Zvonimir Guzović, FSB, University of Zagreb
Prof. Daniel Ralph Schneider, FSB, University of Zagreb
Dr. Marko Ban, FSB, University of Zagreb
Dr. Goran Krajačić, FSB, University of Zagreb
Nevena Grubelić, FSB, University of Zagreb

Contact addresses of the Organising Committee

Conference secretary: Prof. Zvonimir Guzović
Mailing address:
2013 Dubrovnik Conference, FSB
